The WSLA Alumnae Group is a 501(c)(3) nonprofit organization that depends upon your tax-deductible sponsorship dollars to recognize and empower a growing number of dedicated leaders in the field of sustainability, both within the environmental and social realms. The impact of each individual leader is increased by our mentorship programs and the extensive alumnae network. All of society benefits because the women recognized by this program gain greater confidence and skills needed to make an even stronger contribution to resolving the most existential challenges of this time.

ABOUT THE ALUMAE GROUP

Our alumnae network consists of nearly 100 of the most influential global women leaders creating a more sustainable world. The network assists with growing awareness, promoting advancement, and supporting the development of the next generation of female leaders through mentorship programs.
